An Amazing Couple of Months

Thanks to you the incredible share offer result (£225,000 in 6 weeks) was more than we ever dared hope.

Since then, the Community Ownership Fund of £299,500 and NFDC award of £17,000 have been granted.

This gives us funding to buy the chapel and complete the major building works.

Volunteer Bulletin

The Chapel's History and Heritage – Judith Richardson

My background is far from anything associated with history or archives. In fact, I disliked history so much at school I dropped the subject as soon as I could. I've worked in HR and Admin roles and the NHS in a Medical Practice.

If you had said to me 7 months ago that I would be researching the history of our former Baptist Church and finding it really interesting I probably would have laughed and said I'd rather be up at my allotment! I have to admit I have found it fascinating and am very pleased to have had the opportunity to be involved.

One aspect of this work is collecting people's living memories of the chapel. **If you have memories or photos of the chapel, I'd love to hear from you. Also, if you are interested in interviewing people about their memories, I'd love your help. Please see**

'Coffee, Cake and Chat' Mornings

These mornings take place from 11am - 1pm on the second Saturday of every month at the Village Hall. It's a lovely place to meet up with old and new friends over some very lovely cakes and a hot drink, or even some soup. Everyone is welcome.

The coffee mornings are run by a friendly group of local volunteers. **If you could help at one or two of our coffee mornings a year, please do get in touch with Keira at keirahart01@gmail.com.** It would involve making tea and coffee, setting up and clearing away tables and washing up.

Your help would be greatly appreciated.
